Report from Meeting with Stonemason Regarding Ledgers – for consideration

The form given to plot purchasers to confirm that they had received and read the Cemetery Regulations would be updated to require the plot purchaser to state if they would be applying for a ledger stone in the future.

Action: Clerk to the Committee

This information would then be used when allocating a plot for the interment, to avoid (as far as was possible), locating a plot where a ledger will potentially be installed, having a grave that is expected to be reopened at its foot.

Resolved: To increase the permitted width of ledgers to 36 inches, but to continue with the current regulation that requires three years to have passed after interment before the installation of a ledger.

Proposed: Cllr Newhouse

Seconded: Cllr Conduct

All in favour.

WH034/25

A new agreement document would be drafted to reflect the new arrangement for consideration by both Parish Councils.

Action: Clerk to the Committee

Resolved: To receive the tabled report and to recommend to both Bishop's Waltham and Swanmore Parish Council that the West Hoe Cemetery Management Committee transition to become a standing committee of Bishop's Waltham Parish Council, who will serve as the host Council, with the West Hoe Cemetery continuing to serve both Bishop's Waltham and Swanmore.
